

Collateral Damage 1918 to 2018: Commemorating war victims and building peace.

To honour the victims of war in the century since World War One, the Collateral Damage project is staging free poppy-making workshops and displays at local libraries.

You are invited to make a white textile poppy for addition to our commemorative artwork. Every poppy will be as unique, as each human life lost in war. Further poppies can be added throughout the display period.

Wimbledon Library

35 Wimbledon Hill Rd, London. SW19 7NB.
