

River Wandle Heritage Walks

During Wandle Fortnight the Wandle Industrial Museum will be leading three walks along the course of the River Wandle.

This is an opportunity to learn about the fascinating heritage and history of the people and industries that made the river at one time the hardest working for its size in the world.

The walks will take place on:

- 14th September from Earlsfield to the mouth of the Wandle
- 19th September from Morden Hall Park to the Merton Priory Chapter House.
- 23rd September from Colliers Wood to Earlsfield

All walks are free of charge and start at 11am. Donations to the museum are welcome.

Please contact john.sheridan08@gmail.com to book a place on the walks.
